Specimens received 6/15/71

K12 Three pages of known handwriting of [REDACTED]

K13 Envelope bearing the known handwriting of [REDACTED]

Results of examination:

Due to unexplained variations in the comparable handwriting, it was not determined whether the writers of Q12 and Q13 prepared any of the questioned writing received in the instant matter or in the case entitled "Threat to Blow Up U.S. Supreme Court Building, 4-5-71, BM" or in the case entitled "Plot to Bomb Holy Rosary Church, Brushton, Pennsylvania, 3-15-71 EID-RM"

During May and June of 1971, continuing efforts have been made to develop suspects in this matter with the U.S. Postal Inspector, U.S. Secret Service, Police Department, Alcohol, Tobacco, and Firearms Division, all Pittsburgh, Pa., as well as the McKeesport, Duquesne, and Homestead Police Departments. Contact with these agencies during this period failed to develop any information as to the writer of the letters involved.

No logical suspects to date have been developed.

Mr. Chief Justice:

This letter is written through righteous indignation for members of a court I firmly believe will destroy our democratic way of life by doing away with all principles that have been the foundation of our culture,

I love this country, and while building my empire I devoted millions in time and money to insure a greater america for our future generations. At this point I am completely disillusioned by the rulings of the Supreme Court that have contributed most to the deterioration of our american way of life. You have devoted more time to the protection of criminals than law abiding taxpayers. The Courts may force the most learned attorney to take time out and represent the most worthless criminal. You have encouraged the more heinous crimes by abolishing capital punishment.

What is more cruel and unusual than the punishment now imposed on the Hearst family? If these Canibals are apprehended, the law enforcement officials can not inquire as to their names or identity until they have first provided them with competent counsel at the expense of the taxpayer they have offended.

The Hearst case is the last straw. I can stand no more! I have never broken the law, but I promise you here and now that if the Hearst girl is killed, or even molested, I shall make the necessary contacts, and pay immediately, six million dollars to have six of your members killed. That may shock this country back to reason and logic. Probably those that follow will spend less time protecting and encouraging criminals

Do not be misled by this type. I have not typed in 50 years. This is typed on a machine over 1000 miles from my office, and will be mailed here. There will be no prints, but believe you me, I mean what I say.

You know my first, middle & last name.

DETAILS:

This investigation is predicated upon receipt of information that a letter, postmarked Selmer, Tennessee, containing a threat to six members of the Supreme Court

ME 9-1778

was received in Washington, D. C.

On March 12, 1974, the Washington Field Office of the Federal Bureau of Investigation furnished a xerox copy of a letter obtained from U. S. Secret Service in Washington, D.C. This letter was addressed to the Chief Justice, United Supreme Court, Washington, D.C. and was postmarked Selmer, Tennessee, February 20, p.m., 1974, 38375. The letter was marked "personal."

The letter is typewritten and is set out as follows:

"February 17, 1974

"The Chief Justice
United States Supreme Court
Supreme Court Building
Washington, D.C.

"Mr. Chief Justice:

"This letter is written through righteous indignation for members of a court I firmly believe will destroy our democratic way of life by doing away with all principles that have been the foundation of our culture.

"I love this country, and while building my empire I devoted millions in time and money to insure a greater america for our future generations. At this point I am completely disillusioned by the rulings of the Supreme Court that have contributed most to the deterioration of our american way of life. You have devoted more time to the protection of criminals than law abiding taxpayers. The Courts may force the most learned attorney to take time out and represent the most worthless criminal. You have encouraged the more heinous crimes by abolishing capital punishment.

"What is more cruel and unusual than the punishment now imposed on the Hearst family? If these Canibals are apprehended, the law enforcement officials can not inquire as to their names or identity until they have first provided them with competent counsel at the expense of the taxpayer they have offended.

"The Hearst case is the last straw. I can stand no more! I have never broken the law, but I promise you here and now that if the Hearst girl is killed, or even molested, I shall make the necessary contacts, and pay immediately, six million dollars to have six of your members killed. That may shock this country back to reason and logic. Probably those that follow will spend less time protecting and encouraging criminals

"Do not be misled by this type. I have not typed in 50 years. This is typed on a machine over 1000 miles from my office, and will be mailed here. There will be no prints, but believe you me, I mean what I say.

"You know my first, middle & last name."

It should be noted that the letter is completely typewritten with the exception of the numbers 20510 written after Washington, D.C. on the envelope.

On March 19, 1974, the facts of this matter were discussed with U. S. Attorney THOMAS F. TURLEY, JR., Memphis, Tennessee. Mr. TURLEY advised that this matter should be investigated. He advised that if the unknown subject is identified and is a resident of the Western District of Tennessee, he will consider prosecution.

On March 19, 1974, SA [REDACTED], U. S. Secret Service, Memphis, Tennessee, was advised of this matter by SA [REDACTED] of the Memphis Division at 4:50 p.m. SA [REDACTED] advised that he has a copy of the above-mentioned letter and that a search of it in their files revealed no known associate or logical suspects in this matter.

(b7c
On March 22, 1974, SA [REDACTED] was recontacted and advised that to date no suspects have been developed by his agency.

On March 19, 1974 and March 20, 1974, the following employees of the U. S. Post Office in Selmer, Tennessee were interviewed. All advised that they could not recall seeing any letter postmarked in Selmer, Tennessee addressed to the Chief Justice of the United Supreme Court, Washington, D.C.:

[REDACTED], Postmaster, Selmer, Tennessee Post Office, advised on March 19, 1973 that he does not recall seeing the above -mentioned letter. He advised that the postmark on this letter contains p.m. which indicated the letter was stamped at the Selmer, Tennessee Post Office on February 20, 1974 between 12:00 noon and 6:00 p.m., when the Post Office closes.

He advised that the zip code written on the envelope does not appear to be the writing of any of his employees. He further advised that the zip code number 20510 is for the U. S. Senate in Washington, D.C. and not the U. S. Supreme Court. [REDACTED] advised that he knows of no one in Selmer, Tennessee who would be a logical suspect in this matter.

[REDACTED] recalled that in about November, 1973, the Tennessee Bureau of Criminal Identification and the Memphis Police Department came to the Post Office investigating an anonymous letter which had been postmarked in Selmer, Tennessee and sent to the Superintendent of Police in Memphis, Tennessee. He recalled that this letter was handwritten and was very critical of the Superintendent of Police regarding the disciplinary action he had taken against several policemen for their alleged misconduct with a prostitute. [REDACTED] advised that he does not know if that letter had any connection with instant matter.

On March 19, 1974 [REDACTED] McNairy County, Selmer, Tennessee, advised that Selmer, Tennessee has a population of 3,500 people and is primarily rural. He further advised that Selmer, Tennessee is approximately 15 miles from the Tennessee and Mississippi State Line and is located in the Western District of Tennessee.

ME 9-1778

[REDACTED] advised that he knows of no one who would be a logical suspect in this matter. He stated there are numerous individuals who reside in McNairy County who are patients at Western State Hospital, but he knows of no one who has been writing any letters to Government officials. He stated he will be alert for any information in this matter.

On March 19, 1974, [REDACTED] Selmer, Tennessee Police Department, was advised of instant matter. He advised that he knows of no one who would be a logical suspect in this matter. He stated he will be especially alert for any information which might be of assistance in identifying the unknown subject.

On March 19, 1974, Tennessee Bureau of Criminal Identification Agent [REDACTED] Selmer, Tennessee, advised that he recalls accompanying a detective of the Memphis Police Department in an investigation of an anonymous letter, which had been handwritten and postmarked Selmer, Tennessee, addressed to the Superintendent of Police in Memphis, Tennessee.

[REDACTED]

He stated that he does not know if the letter he investigated has any connection with instant matter.

The following citizens of Selmer, Tennessee were contacted on March 19 and 20, 1974 in an effort to identify the unknown subject. All of the persons contacted advised that they know of no one in this area who will be a logical suspect in this matter:

Re: UNSUB; Threat in Letter

2/20/74 Against Supreme Court
EXT

Specimens received 3/13/74

Q1 White envelope postmarked "SELMER, TN FEB 20 PM 1974 38375" and bearing typewritten address "The Chief Justice, United Supreme Court, Washington, D.C."

Q2 Sheet of white paper bearing typewritten message beginning "This letter is written..."

Result of examination:

Q1 and Q2 were searched in the appropriate sections of the Anonymous Letter File with negative results. Representative copies will be added thereto.

It was determined that Q1 and Q2 were prepared on a typewriter equipped with a Royal brand pica style of type, spaced ten letters to the horizontal inch.

The stamp on Q1 originated from a coil of stamps.

Q2 contains the watermark "FOUR STAR BOND, SOUTHWORTH CO. U.S.A., 25% COTTON FIBER." This watermark is registered to the Southworth Co., West Springfield, Massachusetts.

Nothing else of significance was noted in the examination of Q1 and Q2 which would aid in determining their immediate source.

Q1 and Q2 are temporarily retained. Photographs are retained.

The FBI Identification Division, Latent Fingerprint Section, advised by letter dated March 15, 1974, that the envelope and letter examined and one latent fingerprint of value developed on envelope, designated Q-1, and four latent fingerprints of value developed on letter, Q-2. Although latent fingerprints of value for identification purpose, they lack sufficient classification pattern area to warrant search in single fingerprint file.

Mr. Chief Justice:

This letter is written through righteous indignation for members of a court I firmly believe will destroy our democratic way of life by doing away with all principles that have been the foundation of our culture.

I love this country, and while building my empire I devoted millions in time and money to insure a greater america for our future generations. At this point I am completely disillussioned by the rulings of the Supreme Court that have contributed most to the deterioration of our american way of life. You have devoted more time to the protection of criminals than law abiding taxpayers. The Courts may force the most learned attorney to take time out and represent the most worthless criminal. You have encouraged the more haneous crimes by abolishing capital punishment.

What is more cruel and unusual than the punishment now imposed on the Hearst family? If these Canibals are apprehended, the law enforcement officials can not inquire as to their names or identity until they have first provided them with computent counsel at the expense of the taxpayer they have offended.

The Hearst case is the last straw. I can stand no more! I have never broken the law, but I promise you here and now that if the Hearst girl is killed, or even molested, I shall make the necessary contacts, and pay immediately, six million dollars to have six of your members killed. That may shock this country back to reason and logic. Probably those that follow will spend less time protecting and encouraging criminals

Do not be misled by this type. I have not typed in 50 years. This is typed on a machine over 1000 miles from my office, and will be mailed here. There will be no prints, but believe you me, I mean what I say.

You know my first, middle & last name.

This letter was initialed by Special Agent [REDACTED] of the Secret Service. There are no other letters, especially typewritten letters, critical of or threatening members of the Supreme Court that have been received from this area and Tennessee recently.
